The Seattle

Location:

West of Green Island, considerably west of Parry Sound

Loran Co-ordinates:

29735.6/48706.8

Depth:

15 - 20 Feet

(4.5 - 6metres)

Visibility:

10 - 25 feet

(3 - 7.5 metres)

The Seattle, built in Michigan in 1892, was grounded on a desolate shoal, becoming a total loss on November 11, 1903.

The wreck lies scattered, although the boiler can be easily found in calm weather.
